There is NO British screwup regarding the exact location of the incident. It happened in Iraqi waters and they were "ambushed" by the Iranians.

It's their Grand Asstolla Big Man ordering shit to happen. I hope they pay the price.

WTF are they doing without military backup, even in Iraqi waters? It's not as if you're going to do some sports fishing.

I feel that the Easter lcocks are gonna drop a lot of eggs on Iran. Well, it may last a bit longer but sooner or later it's gonna go KABOOMY.
