The commercials are a very poor representation of the final movie. They actually bug me quite a bit. All anyone ever says when you mention the movie is "I have a big head and little arms". Drives me insane. There are many funnier parts. Not only that but they don't even understand the context of that joke.

Also yeah I've been kinda down lately. College is not panning out very well. Bradley is pretty disappointing and I'm on the verge of failing out. I can't seem to make the situation any better no matter how hard I try. It seems like all my successes have no bearing on anything and my failures decide everything. Plus the usual stuff. Friends being difficult and parents being jerkish. I mean it's not like I'm some crazy party all the time get drunk college kid. The last time I drank was a can of Old Milwaukee N/A when I was 5. So when I call and tell my mom I'm worried about my grades and I don't know what to do I'd like a little support or something instead of just getting yelled at. It blows hardcore.

No, don't worry I'm not going Emo on you all things have just been a bit rocky.
