candy wrote on Tue, 17 April 2007 02:06lets just hope the gameplay stays a bit like renegade
i wouldn't want it to become a new battlefield (i hate those games)

Agreed, I don't wanna see nod turned into terrorits like CNC3, nor do I wanna to see a 500%
reworked game. Renegade could ofcourse be improved but extremely majors are not needed and
instead im sure they could possible ruin a rene2
