This is a legitimate concern for the Renegade community, its sites, and any clans/sub-communities in it.

TehPwnerer (also known as "Matix" on these forums), who has a long history of cheating, copying people's ideas, copying terms of service verbatim, and cloning forum layouts and verbage.....is at it again.

As many of you know, I have a very strong distaste for this kid (yes, he's a child ... approximately 15yrs in age). He spends all of his time copying other people's hard and unique work, then stamping his name all over it. Since no one has really done anything about it, the problem persists. This needs to stop.

Here are some screenshots (all of which were taken TODAY):

Matix, who runs "RenCorner" and "NeronHost" tries to act like he has some legitimacy by offering the products and services of other people with his name all over it. He cannot pull an ounce of creative property out of his own loser mind.

IF YOU ARE A SERVER OWNER OR COMMUNITY SITE OWNER:

Please do NOT link your irc's with him
Please do NOT partner or affiliate with him in any way
Please do NOT allow him to be a member of your site (ban if possible)

IF YOU ARE JUST A GAMER:

Please do NOT play on his servers
Please do NOT allow your clan to participate in his community

This child is trouble. He is a convicted cheater of the past (admitted to cheating on his own RenCorner server), convicted thief (admitted to and caught stealing intellectual property), and downright unethical lying and deceitful bastard of a person.

MESSAGE TO MATIX

If you don't agree with any of this, please feel free to defend yourself. As many people in the Renegade community know -- I have a devotion to ethical gaming and the fair treatment of gamers. I'm trusted and respected and they have no reason not to believe anything I just said about you. You, however, are a wannabe ---- so until you go legit, I will continue to tear you into

pieces. STAY THE FUCK AWAY FROM ME AND WATCH YOUR BACK!
