As you can see, everyone who said I "suck" here, I have beaten at a 1vs1, except mrpirate who I have never played. This includes c0vert7 (who atleast admitted it) raphazxe or w/e who first said I never played him, then chnaged his story to "that was a long time ago" and ofcourse mexpirate who I bet 2/3 games in the series, and to a cheating clan at that too. Ill 1vs1 u, np, anytime, msn? But dont be like them, but hell, if i got raped that badly and someone like me rubbed it in like i did, i would h8 them too, so i guess its their problem for not accepting defeat...

p.s ill WAS the best clan at that time....and a year after that time, when cw.cc came into play, they were #1 on the cw ladder their too a couple of times and won a few cups I think, only untill recently since henry started playing generals did they stop, ans they might come back soon
