CaptkurtTheDragonCaptkurtTheDragonL3f7H4nd3dInteresting question. It's not something we have considered because we consider the mod gameplay to be more important, but if we can get it done, we'll have some sort of *short* intro movie. You can kiss the EA movie logo goodbye.

yay! goodbye EA logo! has anyone else seen <http://fuckea.com>? its kinda amusing. needs more work though.

HaHa, how old are you?

16. why?

Because you waist good forum space for what you think is so good and funny. Just because it uses the Fuck word or what ever. That tells me your a little juvenile. And maybe a delinquent. You bad mouth them but yet continue to play and buy their games. Tells me your also a hypocrite.

hahaha. actually, i no longer buy EA games. and i don't like it because they say fuck like 8 times or whatever. i thought it ws amusing because they copied the exact layout of the ea website and because it just kinda amused me. but whatever.
