FrAM youve been on here in the past week twice accusing people of cheating, 1 which was a clanwars.cc clan. Which just a little word to the wise, if you play a clanwars.cc clan, chances are being new especially, your going to get spanked. Im not saying clanwars.cc clans are better then every single person/clan, just as a general rule thier teamwork is alot better then most.

FrAM I dont know how long you been playing the game, but to my knowledge Angerfist is kind of a douche sometimes, but I dont believe hes ever cheated.
