joe937465 wrote on Sat, 26 May 2007 00:20can u make new guns for infirty from vechs and can u add parachuts ?

Yeah, you can do all that, Black-Cell has a parachute mod, I seen screen shots, but never joined their servers to test it.

Dont know how they gonna do, they keep it to themselves, so I douth you will ever find out.
