Infinintsorry just if you notice the older one gets the farther down on the page it gets then after a while another add pops up above yours and you have to post a new one.

Ok, so instead of just replying to the first thread to update or bump it, you spam 3 more threads?

InfinintAlso no im not desperat enough to let

"Well Im A Career TS Map Maker, Ill Start To Learn Ren Soon"

kinda people join.

and lucky for you i have all of the team members i need and will soon start putting it all together.

If you're not that desperate, why did you let someone who's only experience is with making tiberian sun maps (which have nothing to do with Renegade map making)?
