K9trooper you dumbass he never said that their was an iraqi fort in Virginia he was say how the virginian forts at the begining of the Civil War were getting reinforced and I have never heard of the Civil Rights movement being called the second civil war. How could it be considering how arms were never taken up except for when the southern police forces thought that it was required to prevent civil unrest though it created it.

and Iraq was around in the Eighteen 60s imbecel
