Hi,

I'm been trying to play C&C Renegade on Windows Vista (I have never played it before) from the C&C The First Decade CD.

I have downloaded and installed the "The First Decade" patch 1.02 which applies a registry fix patch for Renegade.

Everytime I start Renegade from the "C&C The First Decade" menu, an error appears:

This is what the error details state when I click "view problem details":
