If anything they should be encouraging the consumption of soda.

Hmm.. I can see it now:

Skinny kid on the news

"I would like that personally thank the Sudan Ambassador for causing an end to the Soda industry. Because of him, I lost 50 lbs! I am now for healthy that I ever have been. It's all because of you Mr. Ambassador! I love you!"

20 years later

(America invades Sudan because of... well, do they really need a reason?)

Sudan Ambassador

"Why are these Americans winning? I thought they were all supposed to be fat slob!"

Military person

"They were until you caused the end of the Soda industry!"

Sudan Ambassador

"What have I done? I've ruined us all!"

lol DAM THEM SUDANIANS CAUSED US TO BECOME THIN!
