yinnie does not hack hes the owner and a really good player back from the beta's i mean i know lot of players that are really good like that guy slickbud,captian havoc goodplayers just like them does that mean they hack?

to anyone else the guy who acussed him is an old admin how was power hungrey and a prick who thought he was the best and the got killed by him and had a bitch fit about it yinnie took any test any passed them all and any \*cheat name removed\*test ss,remote desktop,biatch what ever nothing he dont hack and when the guy accused him of cheating of course people agree with him becuase people think any good player hacks ..... plus yinnie has not played for about 4 months everyone is always in the marathon

i mean i know aobut hacks and played agianst him and never thought he hacked LOT of server owners are good assplayers but no one eever had the balls to say they hacked
