crazfulla wrote on Mon, 11 June 2007 11:42 How about I come out of the woodwork and atatch puddlesplasher? He was banned from the UN forums for this kind of carry on, Reborn, if he continues such behavior I would recommend suggesting to the admins that he be banned from these forums too, seeing he is so convinved you do this so much you might as well live up to the title

His posts serve absolutely no constructive purpose, other than to flame in a similar manner to the other 3 rentards mentioned in my siggy. A couple of people in the UN community ar reading this thread now, laughing thier asses off at him. Although it is good entertainment to some extent, it comes to an abrupt point when he starts abusing people.

And puddle, I haev but 3 words for you, so elegantly put:

Quote:I DESLIKE YOU

the difference is that you know people like troop are just attention whores, I get the impression puddle really is as stupid as he makes himself look.
