Reborn wrote on Mon, 11 June 2007 09:37I'm sure along with the engine calls and api stuff someone posted about it on the renegade wiki site, but i really can;t seem to find it on there now. Plus some ass-wipe is spamming it with all kinda of crap now.
I noticed the crap part. As for documentation I have messed around with a lot of those scripts (most don't seem to work) but just say what type of event you are looking to trigger and I will tell you if I have seen anything like it.
