I'm not sure how you see there's more cons than pros.

These forums are free to register and post on.
We're free of stupid censoring by a large corporation
We're not forced to be on 'good' behavior
Dissenting opinions (to a certain, understandable point) are allowed.

If you don't want to see the BHS forums, there are little "-" icons you can click next to the forum name, and it'll minimize it, so you don't have to look at it.
