People who think your service is crap are not customers. Do you buy crap?

Let's say I open a CHEESE store. I sell Cheese and that's it. And a customer comes in all the time and says CHEESE FUCKING SUCKS GOD DAMNIT YOU FAT FUCK YOU BETTER START SELLING GOD DAMN FRIED CHICKEN. If I ban him I definately didn't lose a customer. Did I? I lost an annoyance.

Also put the shoe on the other foot? I DID have a disagreement with Crimson and the end result was I am banned from mIRC for a month. I'm not happy about it but I am dealing with it because in the end it is the way things go. I would consider that a lot worse than having my signature edited or my title changed. You've brought forth the fury of hell over some really dumb cosmetic changes. You need to pick your battles man. You obviously can't win this one and if you went down fighting to get whatever the hell you people want, a new leader or something or other... At least you could go bolster up your story and get your cronies to say "Wow man you are a hero for standing up for that!" But this? "Renegade: Defender of shit most people don't look at".
