Ask anyone from the league - they'll confirm the fact I was pushing for regulations for skins for quite some time before the rules were actually passed.

I highly doubt you knew I was gonna reverse at that exact second, so it may possible be that you were infact close enough to see my stealthed, in any case, unbanned...
You just need to brush up on how long it takes for a stank to cloak again when you get into it, that's all...
