Quote:I voted yes; it can always go back to being disabled if it goes out of hand.Exactly.

About the age limiting, I seriously hate such things, and they don't work either. 17 myself.

About post count limiting, I see no need. If there are stupid polls, just ignore them? You're not going to block people from creating threads the same way are you? Then why do it for polls. I don't really see the difference.
