Hey all, I would like to inform you about a new renegade community. Primary purpose is to supply a nice environment for all players.

Also, if you have a clan that needs a home, urPwnd gaming will sponsor you. Server, team speak, IRC.

Sign up for the drawing because we will only sponsor 1 clan.

Also, we are expanding our content to include free music, videos and much more streaming content. Perhaps prize drawings for winning clan matches and donators.

Thank you for your time.
