um, heres a lil fun fact:

<http://trpmclan.110mb.com/members.html>

^explain to me why we dont even have a rm24? The only fucking time people used cheats in my clan they got instate banned for ever, unlike bbf and the other clans, if your suggesting I support cheaters, you seriously must be fucking retarded. trooprm25 is not my problem, he in not even IN the clan, wannabe..
