21:09swearing makes jesus sad

haha...seriously.

Look at all the damn self-righteous freaks trying to preach to me now...this AoBfrost. Self control? Disrespect?

And as SpyGuy said, I think it was a "language filter-kicker-thing." I was kicked in an instant.

I'm not being self righteous, I'm just saying, saying something like that in a server just cause no one will come play is kinda stupid, it isnt really going to make anyone come and play, and I know it was lang kick, but I meant if i wasnt, then it was for reasons in my previous posting.
