I think some people (Not giving names lol) are blowing this terrorism business way out of proportion.

All reigion in some way or the other promotes violence and that is why i think religion is a load of bullcrap.

Christianity has blood on it's hands (and it still does, not all christians are westerners), Islam has blood on it's hands. Almost all religions do.

Terrorism doesn't have a race or colour. Yet people are associating terrorism these days with "Islam" which makes me wonder if this war is really the "muslims vs christians" thing all over again.

Just my 2 cents anyways.

As usual Halo fucks up the topic. What part of "What would you do" is so hard to comprehend?

Who gives a fuck whos to blame? All I asked is what to do with the Terrorists. Is that so hard to understand?

You are truly an idiot then.

If you truly expected everyone to just answer what they would do, without discussing it then you are mistaken.

People will say what they would do, which will (and has) caused people to question/discuss why, and since people have said they'd do things that are racist, it was inevitable for the topic to stray a little...moral of the story...don't be so naiive...
