Alex wrote on Tue, 03 July 2007 23:43 Okay, Go into the account settings and make sure your account is a admin account. (In the Vista Control Panel. )

After that, Right click the Renegade Shortcut on your desktop, Go into the compatibilities tab and click the box with the text next to it saying "Run in compatibility mode for:"

Now you're able to choose something from the drop down menu, Choose "Windows Service Pack 2".

Good luck!

Thanks alot. I right clicked on the icon and clicked properties from there I found the compatabilty tab.

I apreicate the help alex. Thanks
