You sir fail. Not only was it productive by me throwing my vote in for viking but I flamed no one. I in no way derailed the topic because in fact mine was about who should be mod and why I believe that was. I do believe that is what this topic is about.

On the other hand your post had zero to do with the topic and was a completely unneeded flame at me.

So in short please stfu and never post anything in my direction again unless you plan you remove your head from your rectum. Good day.
