Mincus35 wrote on Wed, 11 July 2007 07:47He is not going to show the logs because he never left the game...And if he decides to call me a liar then he must have forgotten that i was in the irc room and i have the logs. If anyone else would still like to see them let me know and i will post them thanks...

That would be very helpful.

If he did leave the game briefly, then he may be telling the truth.

If he didn't, then he's not only a cheater but he's also lied to his own community so they'll risk their own reputations to stick up for him, which is very nearly (but not quite) as pathetic as actually cheating.
