forsakenWho would help you make it, and will it be like the old one where it is just new maps and units from a variety of cnc games?

i dont know for sure... but i really wanna make a way better version of it... with awesome skins and awesome models and might include my M4A1 and Ak47 with 100% working hand positing...

TODAY WAS MY LAST DAY OF SCHOOL!!! so i can mod and model like u've never seen me model before.
