luv2pb wrote on Wed, 11 July 2007 12:32If n00bstories dropped off the front page today we would still be full at 50 players. Are percatnage of regulars to first timers is quit large. People know us and look for us that is a fact. Being on the front page doesn't mean shit unless you have the server, administration and community to back it up.

Yeah, they look at n00bstories as a place to hang out.

It's not those servers where they come in and leave by the minute they got to know it.

A fact that n00bstories stand as a, "Community Resolution."
