1# Who is going to take the screen shots of the game?

Answer Pending...

2# How many games will we be having?

We are having 7 games, and these are the maps:

Cairo
Creekdale Flying
Islands
City Flying
Mesa
Tib_pit3
Highnoon

Be at "Ryder Cup style game" sharp. Time listed above.

I am wondering if there isn't any server with that kind of name, then what shall we do?

Edit: That map is messed up. Take that out and put a map where they won't have difficulties, like those origional maps...
