i know gse, doa, aoa, tmw and other kick ass clans of old times..

and players like rohirrim, de7, mrpirate, fulg, zeti..

reason i post here is i couldnt find the website of the server..

^Using words like "gse" and kickass in the same sentence doesn't make sense. I also agree with Alex or whoever, if you know this game so well, why would you possible play in this made up "CNC Mode" which is actually nothing like anything related to the actual game

Dude he'd rip you a new asshole. Go on ask him for a 1v1. I know you're dying to.
