trooprm02 wrote on Mon, 16 July 2007 04:24: At least Duke (before this) has 3x the amount of players on a shitty hostname.

I think some months before you have worse hostname like DG and your server was under Duke.

But it doesn't matter.

Amount of players on Duke server still. I was there last day and everything still. Yeah over Xwis are connected only 5 - 10 players but others are connected over GameSpy or directly.

Next don't forget it is European Server and currently are holidays.
