i found this out last night while playin on Field. I was just going crazy cause i was so bored. So i got a buugy and rushed into the gdi base. The AGT was still workin. I hade made it to the AGT without being destroyed.

Buggys are cheap and fast, why buy a huge slow and expensive APC?

I suggest that u try it. It may work on other maps, But i have not tryed it.
