I read the first 5 books before my fucking parents confiscated them and threw them out.

WHY????

Are your parents of simple mind? There are worse books out there than the Harry Potter series.

Perhaps they did not want your young mind corrupted with sorcery and witchcraft.

No, my parents are just very religious. Maybe they thought I will go buy magic wands and turn my baby brother into a babyfrog...or fly off in a Nimbus 2000. Anyway that was many years ago.

Those who think these books have a negative impact on its readers must be seriously screwed up in the head.

Wow, life must be hard then?

Join the US Army when you can, then you can get away and live your own life.
