Please stop telling them my secret tactic on under

But anyhow; This is the main reason why my techs/hotties had chainguns on default on my server.
If you have a good aim with chaingun it really does help you to protect yourself

But all the awesome cw.cc people complained too much and I had to remove them

Hmm...I think I may have visited your server in the past. Chainguns with Hottie/Tech is a bad idea
IMO...too overpowered and uneven.

To be honest, a Hottie with a Chaingun is like a Chaingun with C4's.
It's not that broken, as people will go-
OMG HOTTIE! And kill them faster.

Most people who were smart, would kill the rush-support before they would kill the main bunch.
