Trooprm02
Clan Leader

started in July 2005 by trooprm02 and trooprm01. We both have been playing this great game since the day it came out and haven't stopped since. We started this clan because we were tired of trying out for stupid clans that sucked. Under trooprm02 I was ranked anywhere from 1st in the Summer of 2003 and am currently ranked 18th in North America. Trooprm1 is one of the best snipers out there (currently undefeated), so we decided to start our own elite clan. We also have 3 Servers running on WOL:

1. [+TRPM+]AOW-Some Server [\[Online\]](#)
2. [+TRPM+]Expert Sniping [\[Offline\]](#)
3. [+TRPM+]Modded CTF [\[Offline\]](#)

These are Dedicated Brenbot, WOLSpy, Half-Renuard Servers, with fully working indame

member happens to be playing with you and decides you may be worth while, we will arrange a tryout. Or, you may apply for a tryout [here](#). If accepted in the clan you would be given exclusive moderator rights on our Gammig Servers, Teamspeak Server and Forums. You also get to compeat along side us in practice and against other clans. We are very competative against other clans and we are

Server status window for '+[TRPM+]AOW-Some Server'.
