c0vert7 wrote on Thu, 02 August 2007 13:30LOL whose angry now? Defensive are we. You just blew up over 1 small paragraph .

I'm not angry. I used big letters because you prove over and over again how ignorant and dim-witted you are and it takes stuff like that just to get through to you.

As for anger, when you cheated against Mike and his brother, it was out of anger. When you started that feeble thread trying to flame me on n00bstories, it was out of anger.

c0vert7 wrote on Thu, 02 August 2007 13:30I have only played for about a few hours a day. That's more than I do.

c0vert7 wrote on Thu, 02 August 2007 13:30On the other hand you do have time to organize the clanwars.cc site

ok chief... you don't even know what it is I do there, evidently.

c0vert7 wrote on Thu, 02 August 2007 13:30host your server

yep, that takes so much time... oh wait, no, it doesn't take any time at all, it just stays up all by itself

c0vert7 wrote on Thu, 02 August 2007 13:30post all these responses

Some of us don't require ten minutes to post a couple of sentences... ah, the benefits of education.

c0vert7 wrote on Thu, 02 August 2007 13:30play in clanwars

yep, at least fifty in the last 3-4 months.

c0vert7 wrote on Thu, 02 August 2007 13:30I doubt u do anything else but use your computer so why are you trying to call me a geek? I dont know the first thing about programming or anything I just play game nothing geeky about that.

I don't know programming either. As for 'I just play game nothing geeky about that', no, you don't just play the game. You get SO ANGRY AT LOSING that you feel compelled to cheat just to vent your renerage, and there's not a lot more pathetic and geeky than that. It's also nice to see you go into denial overload every time I call you a geek or a loser... good to see I'm striking a nerve, because if it wasn't true you wouldn't care.

Geek.

^ that's your cue to snap again... but just remember, this is only a computer game and there's a big wide world outside your front door, loser.
