Thats for sure but I'm very lucky with warranties, no matter what happens it seems I never have to fight to get it fixed or replaced.

I'll post some new pictures when everything comes in. I ordered everything from newegg with 3 day shipping so it should all be here by friday at the latest. The reason the Wii is a pain in my living room is because I don't like to move the sensor bar around when I use the projector.

Nothing too impressive but here is another thread I posted about it:

EDIT: and my list so far

EDIT2: well youve already seen that, nvm. You were the second poster.
