Griever92Duke of Nukeshmm...quite stupid...I say dont even waste your time downloading it.

Did you not read my post? it says dont complain about quality! i started this last night.

Has nothing to do with quality, its just another EA bashing message. I sure hope none of you people bashing EA ever go into business...you go into it to make money, not lose it.

I'm not saying I liked it either, but they made a business decision and its as simple as that. Lets just get over it, you can't change it, move on for christ sakes. Try supporting WHAT IS HERE for Renegade, not what isn't.
