AspenIt's about time.

...

Hey, don't get me wrong. REOL is great, and shows much potential, but somehow I just can't find myself playing on it for an indefinite period of time. Sorry Dante, but I play because I like to have fun. And for me, there's no fun in being yelled at because I'm sniping when I "should be getting a tank." This has happened on several occasions, and I get angry when people tell me what I should and shouldn't be doing. Like I previously said, I play to have fun, not to pointwh0re with a medium tank pounding the HoN on Field. In short? I'm going back to WOL..

You know what you do to those people? Where here's my favorite, "Blow Me," "Fuck off," and a classic, "Suck a dick." Don't blame REOL for that, there's people like that everywhere, I haven't had time to play on them yet but theres always a few dicks in a group.
