Urimas wrote on Wed, 15 August 2007 12:35hello long time no see (been at australia xD) and im redoing animations (im not gona join anymore teams its to stressful) and im only doing REAL weapons now so to start with my m16 v2 heres a vid + gun + bullets (ive even edited the bullets to leave a heat trail!)

As this seem's to be a public released, you have no problem's with me putting this on <http://www.game-maps.net> then?
