There's already a mod called "Scud Storm" for Renegade, which converts it to the Generals universe.

And really, if you're going to try and start your own modding team, it'd be important for you to:

- Learn how to spell
- Learn a modding skill

Also notice how most of the skill your looking for is already taken up in mods like A Path Beyond, C&C Reborn, Apocalypse Rising, etc. Starting an entirely mod and finding an entirely new team is not a good idea on the W3D engine anyway.
