@Fobby: Ty for those 'kind' words You said in a more polite way I was about to say it..

@Anyone: Anyways, Scud Storm is already in existance.

@Anyone who was on Scud Storm's Dev Team: Leaving the team for a reason of "Lack of Leadership" under the circumstances is not a good excuse for quitting >.> Just FYI to those who quit Scud Storm to join First Hour's team...Nameme is still the leader (Always will be unless he gives it to someone else) and the reason why he hasn't been on much is because his computer died and he is trying to fix it...
