Well said.

How is it that you have 700+ posts and I didn't notice how big of a fucking retard you were untill now? How did I miss that? HOW?

he has over 700 posts in less than 4 months... must be quite a spammer lol. really how the hell did you not notice?

and crimson stop making cheats dammit! ewd get off the cheaters forums. im surprised they havent banned you from them yet since you make anti cheat software. i mean if people want 0x90 banned from these forums for making cheats, then why arent there any cheaters on their forums not wanting to ban people making anti-cheats?
