joe937465 wrote on Mon, 27 August 2007 06:24 is there someone here that's an expert at pcs that can help me with a few problems in building mine thru pm's instead of me posted 13489358475794 post? all i need is one person who's knows what he's doing but idk who

GOOGLE!

And try your local library, for the last damn time...
