Let's say you invite me to your house, and I come, in clothes, with a gun. Now you don't like guns and don't want me to have it. BUT, I'm in my clothes. Does that mean I don't need to listen? It the township I live in says you can't have a gun in my house then no you can't. Does not matter if I invite you, you stop by uninvited or aliens drop you there.
