Goztow wrote on Mon, 03 September 2007 03:59The reason why he added the fonctionnality to launch other programs at the same time got me thinking and searching!

99,99 % sure this guy is noone else than Mandai. Look at dates: he releases teh cheat-version at 27/08, then 4 days later releases a non-cheat version. Both are programmed in same programming language.

IP and renegade serial(s), plz?

He has been hacking kamuix's server for quite awhile now. I made a script some time ago that auto bans his dns. He has a dynamic IP. I dunno his renegade serials.

PM me if you want the info I have on him.
