And when you can't, dont say "2 l4zy 2 search" me. Plus many others within these forums.

Are you legally fucking retarded? Many of us have saved SS's of your post, where YOU SAID, you have used *cheat name removed*and your intrestested in it, not only that but YOU YOURSELF want to make cheats? And Im wrong? No 12 year old on the forums please, this game is lossing people because of fucktards like you, why don't you go play a different game? You only play fan map servers and Karmuix (ROFL) anyway, and all this beside defended a cheater? Sad

All you ever do is start arguments, like a 12 year old. Pot. Kettle. Black. (Ignore button)
