What's that tell you? That I care?

No.

He's full of it and himself - I gave the man a chance after he tried grifting my level, then once more before that - he's still doing it. Still using his fake persona to go "Hi, can I help you?" in every thread imaginable, even if he doesn't know a damn thing about it.

"Oh, sorry, I don't know how to help with that."

Then why'd you post, you stupid fuckbean?

Remember something: This is the guy who says he doesn't want flame wars, that he doesn't want this and that, etc... Then he posts up a topic about insulting people and flaming them. Where's the logic in that, champ?

His "old timers" comment is laughable. The only old timers here are Crimson, Falconxl, and myself. We've been with this game longer than all of you have, getting close to two years now.
