AoBfrost wrote on Sun, 09 September 2007 02:44 That does work actually, it skips alot of hassle of clicking, formating will solve all issues, then just reinstall windows, download avg, turn firewall on, and your set to go, and megro...he isnt going to read it, i've tried sooo many times with step by step...all failed cause he doesnt read.

Lol, you're as bad as he is!

And who's megro?
