Well if you want the files send me and email and I'll email you back with the zip. It's pretty big it has a lot of textures but most of them aren't even used in the map, its just a small collection of textures I have that I thought would be good for this map. The zip is 41mb.  
[graywolf46310@msn.com](mailto:graywolf46310@msn.com) email or we can transfer on msn instant messenger.
